

SCALECHANGER

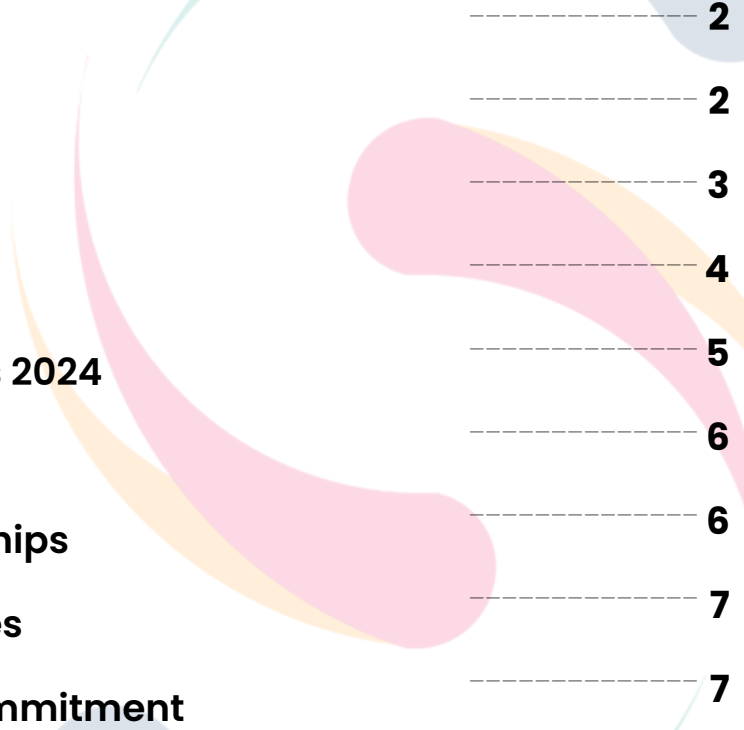

Pioneers and experts in scaling impact-driven solutions

2024 Activity Report

A decade of action

Summary

- Our purpose
- 2024 summary
- Individual Support in 2024
- Collective Support in 2024
- Review of Global Activities 2024
- 2024 Highlights
- Ecosystems and partnerships
- Community and Resources
- ScaleChanger team & commitment

Our purpose

For a decade, we have been helping the scaling of social and environmental innovations to address today and tomorrow challenges.

Our mission

To support:

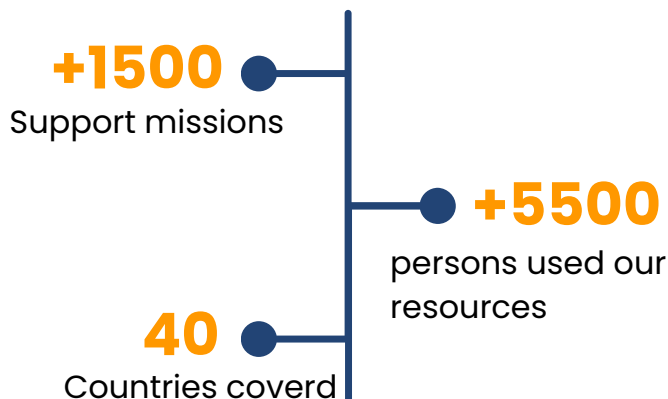

- **Leaders of organisations with a social and/or environmental impact** so that their solution can scale up and reach greater impact.
- **Ecosystem stakeholders** in order create an environment that fosters the development and the scaling of these social innovations.

We intervene at key moments in the development of organisations, offering customized individual or collective support.

Our areas of expertise

- Strategic diagnostic
- Business Model
- Leadership
- Scaling Strategy
- Governance / Human Resources
- Fundraising
- Internationalisation
- Collaboration and partnership

Key metrics since 2014

With 2024

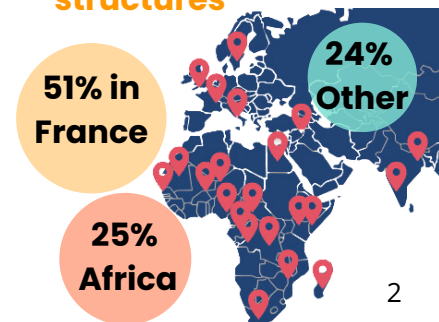

Representing a cumulative total of nearly

10,000 employees

And hundreds of thousands of beneficiaries

Geographical coverage – Supported structures

Individual support missions in 2024

In 2024, **ScaleChanger** provided support to **48 managers and their teams** during an individual mission. We ensure that they feel supported, equipped, confident, and ready to effectively prepare and manage the scaling of their solution.

9/10 Average satisfaction rate given by managers and entrepreneurs after receiving our support.

Mission Typology

In 2024, we conducted various types of missions involving entities from all sectors of activity, with the primary focus on missions related to:

- Spin-off strategy
- Strategic planning
- Strategic mentorship
- Strategic diagnostic
- Business Model

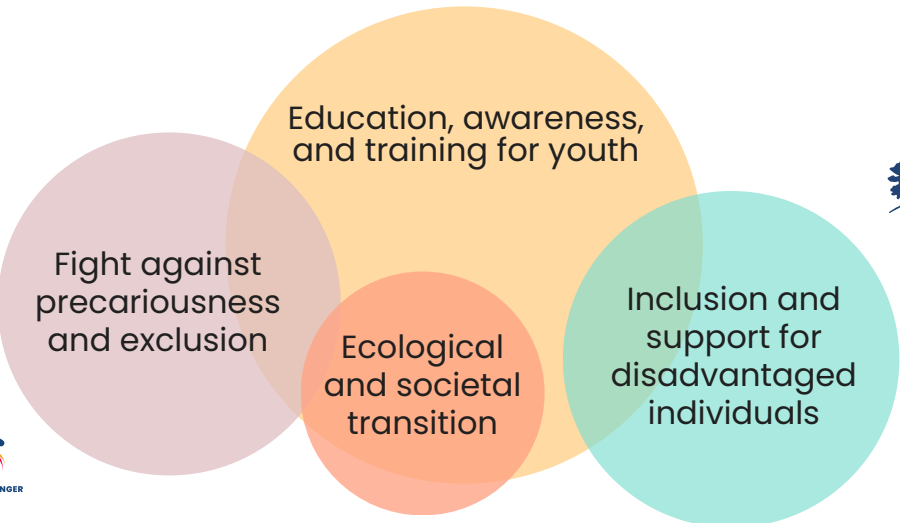

Translation into Sustainable Development Objectives

(in order of significance)

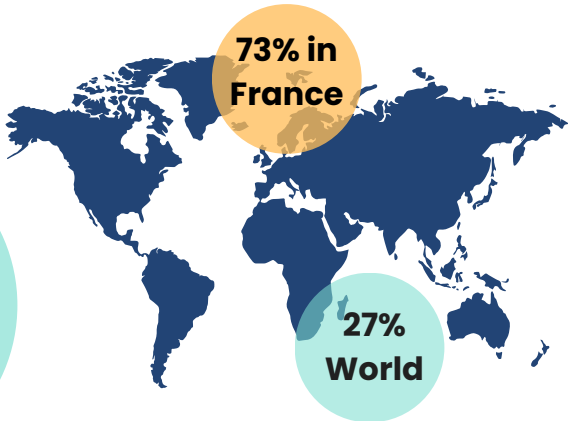

Profile of the supported organisations

The primary intervention themes of the 47 structures that we supported on an individual basis in 2024 were:

Scope of Intervention

Collective support in 2024

Each year, we collaborate on and/or engage in entrepreneurial or academic programs designed to assist individuals (entrepreneurs, experts, support professionals, students, etc.) in their thinking and actions when it comes to scaling a solution with a positive impact.

We have been actively engaged in designing, organising and facilitating tailored sessions to address the needs of specific target audiences.

The various intervention formats implemented in 2024:

- **In-person workshops**
- **Corporate / team workshops**
- **Global Webinars**
- **Production of video capsules and contributions to MOOCs** for entrepreneurs and entrepreneurship support frameworks in Africa

Collaborative workshops thematic

In 2024, the three predominant themes addressed during our collaborative support and training were:

Scaling up

What does scaling up mean, when is a good time for scaling, the different scaling strategies, the methods for implementation, ...

Fundraising

What strategies can enhance my business model, how can I identify, approach, and persuade financial partners, how can I optimise my fundraising efforts, among other considerations, ...

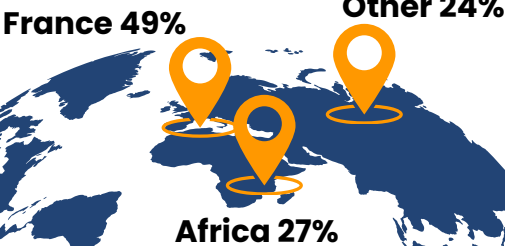

Governance

Is my current governance suitable? How can I make it more dynamic? How can I facilitate its evolution to support developmental ambitions, ...

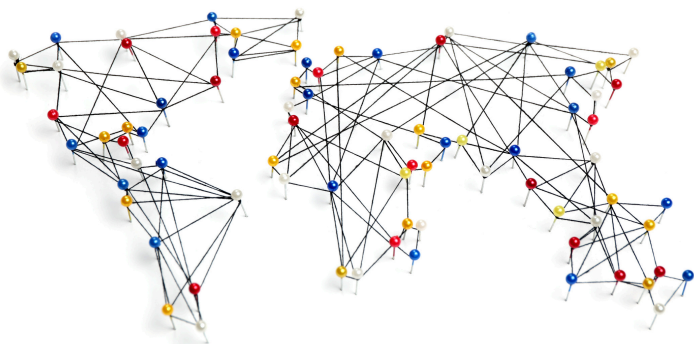

The speakers were highly engaging and exhibited considerable expertise, simplifying complex topics for better comprehension. The presentation was visually clear and well-structured, facilitating effective delivery of the session. The format, which included breakout rooms and content sharing, fostered active participation and enriched the learning experience. Every aspect of the session surpassed my expectations.

Review of Global Activities 2024

For a decade, we have been operating in France and internationally, broadening our reach each year to new regions in Europe and beyond. Leveraging our expertise in strategy and development, we enhance local capacities to maximize the impact of their initiatives, collaboratively fostering a more equitable and sustainable future that transcends borders.

In 2024, we provided collective support to **261** entrepreneurs across **38 countries**.

Zoom on some international initiatives in 2024

100

Orange Corners entrepreneurs received support in assessing the maturity of their businesses and strengthened their capacities through the delivery of customised masterclasses.

90

Members joined the 2014 SIBC (Social and Inclusive Business Camp) with 45 female laureate and 45 alumni mentors.

10

Entrepreneurs from Central and Eastern Europe are supported by ScaleChanger to enhance their social impact.

2

Ongoing European projects: Scaling Catalyst and Digi SEI aiming to enhance the capabilities of social enterprise support structures (incubators, accelerators, networks) and empower them to more effectively facilitate the scaling of impact solutions in European countries.

2024 Highlights

The release of our **2nd impact report** underscoring ScaleChanger's role in scaling the impact of solutions developed by the supported organisations

The Qualiopi certification that enables entities in France to access funding for their support missions

Participation in the Euclid general assembly in The Hague, a European network that supports Social & Solidarity Economy (SSE) stakeholders

- Newsletters

ScaleChanger team & commitment

The ScaleChanger team is continuing its commitment to being as close as possible to the needs of entrepreneurs of the SSE ecosystem, with a presence in five French regions and support from experts in several other regions (Senegal, Ivory Coast, Madagascar, etc.).

Committed to the fight against global warming, we integrate ecological issues into our thinking and practices, for example by reducing our environmental impact, and encourage our partners to do the same.

They are talking about us...

The fundamental distinction from our experiences elsewhere is that ScaleChanger genuinely begins with your needs and vision, adapting accordingly. We are unaware of any other support that is as comprehensive.
